## TO WHOM IT MAY CONCERN

It is my pleasure to write about **Mr. Biwon Rai** with whom I got an opportunity to participate in teaching-learning process in grade XI and XII in this school from **2021 to 2023**. From the beginning classes, he impressed me with punctuality, discipline, confidence, and good interpersonal ability. His eloquence comprising the blend of good analysis and critical outlook of the situations in various discussion sessions continued throughout the years with significant improvements as instructed.

**Mr. Rai** always carried out all the assignments using full effort and meeting the deadlines. As a curious personality, he always went beyond the mere lines printed on the textbooks to the lives and societies, seeking the various implications of the messages there. This practice of keen observation, in classroom sessions and other informal discussion forums further shaped his critical faculty. Besides, his confidence and zeal to learning created many opportunities to work as a team leader in various academic project works that he carried out with remarkable results.

Regarding his language proficiency, he is very sound in all the skills of language.

I look forward to seeing his good progress in (academic) life.

I wish him good luck and success in his future endeavors.

Mem Rai
